Vision and Mission of

THE FOUNDER

My vision is to transform students from all backgrounds into educated person, inspire them to be just and ethical citizens, who will be wise and principled leaders of their life. The quality of the learning that takes place in a school depends very much on quality of the relationships that exist between the teachers and the students, this established a successful connection between teacher and pupil, festering trust and understanding. On establishing this school, my whole objective was to provide all the facilities of the urban school to students, to prepare them for upcoming future and holding prime position in whatever fields they ought to explore and excel in it.

LOYOLA ACADEMY students grow up intellectually, physically, emotionally and socially, they become a person who cherish and live the eternal values of truth, beauty, love, goodness and justice. Students are the hope of the future, the hope of this nation.

We have a good, highly qualified, dedicated and motivated teaching faculty who are always exposed to the new pedagogy to enrich learning and face the changing requirements prevailing in present times and a balanced curriculum devised to suit the needs of the learners. Favorable student-teacher ratio ensures individual attention to each learner. We believe that each child is unique and special.
